

## REVISED FISCAL NOTE

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: Fiscal Review Committee Staff

DATE: March 12, 2003

SUBJECT: **REVISED SB 86 - HB 513**

On February 6, 1995, we issued a fiscal note on this bill which indicated that:

The increase in local government expenditures cannot be reasonably determined but is estimated to exceed \$100,000 if a few local governments must improve the present facilities.

This estimate was based upon information available on February 6, 1995.

The fiscal impact from enactment of this bill, based upon additional information furnished by the Administrative Office of the Courts is estimated to be one-time local government\* expenditures of \$84,980. This estimate reflects a study of security needs in state trial courtrooms across the state based on minimum standards established by the Tennessee Judicial Conference. The Conference concluded that, at a minimum, a courtroom should be equipped with a metal detector, bullet proof bench and a panic alert button.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director

\*Article II, Section 24 of the Tennessee Constitution provides that: *no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
